

ONLOCATIONSESSIONS | KV PHOTOGRAPHY

On Location Sessions with KV Photography are for those looking for an outdoor photo shoot. We meet at the location of your choice and shoot your family having fun together for 1 to 2 hours. When photographing outside light is key. The best time of day for an outdoor session is between 7am-10am and 4pm-7pm, based on the time of year. Speaking of time of year, here in Iowa we have all 4 seasons, which means 4 types of weather.

Our rule of thumb: We never cancel for weather unless it's raining, too windy, or below 20 degrees.

Keep reading to get more info on the 3 different types of **On Location Sessions** we offer.

Park Session

Park Sessions: If you are looking for an “outdoorsy” shoot, a park session is perfect for you. These sessions take place in several different parks in the Cedar Rapids and surrounding area. Let us know if you have one in mind. If not, don't worry; we have no problem picking one that will best fit your vision.

Downtown Sessions: Wanting a new and fresh look from last year? Try an urban feel with a downtown session. With these sessions we explore a downtown location of your choice in the Cedar Rapids area.

Contact KV for a list of locations.

Downtown Session

Special Location Sessions: If the location you have in mind is private property or outside the Cedar Rapids area, that's okay! Let us know where you have in mind at least 3 weeks before your session. This time allows us to visit the location and gain proper permission to shoot your session there. Mileage may be charged.
